BARELY ESCAPE DEATH IN FIRE

Mr. and Mrs. Zack Bills and Children of Near Raleigh Awake to Find House Full of Smoke

HOME AND CONTENTS LOST.

Martin Kelly's House and Household Goods Damaged by Fire Due to Overheated Furnace

Due to the necessity of extra heat on account of the extremely cold weather, which results in overheated stoves and furnaces and defects in flues, two houses, one in Rushville and the other in northern Rush county, were damaged by fire yesterday and today.

Mr. and Mrs. Zack Bills and two children, living on a farm north of Raleigh near the Rush-Henry county line, barely escaped with their lives early this morning when they awakened to find the house full of smoke. The house and household goods were completely destroyed.

Martin Kelly's house at 520 North Sexton street was damaged by fire and water Sunday noon when fire broke out in the roof, due to a defective flue.

The house in which the Bills family lived belonged to Nancy Shaw of New Jersey, a sister of L. R. Martin of Lewisville. The house was small and the loss is covered by \$200 insurance in the Rush County Farmers Insurance company. Mr. Bills' household goods were also insured.

It was reported this morning that the roof of the house was on the verge of falling in when Mr. Bills awakened. The house was then full of smoke and when he opened the door, flames burst out, and he was barely able to save his wife and two children from death. They were unable to carry out a single article of their household goods.

It is presumed that the fire started from an overheated stove or a defective flue. It was impossible to tell, when it was discovered, where the blaze originated, because the flames had gained headway before the occupants of the house awoke.

The fire at the Kelly home was believed to be due to sparks from the chimney, which set the roof on fire. The damage caused by the fire and water will be in the neighborhood of \$500 or \$1,000.

The fire was discovered by a neighbor while the family was eating dinner at noon. The roof was a blaze around the chimney and was spreading rapidly over the roof.

The alarm was sounded from box 41, Fifth and Sexton streets, and the chemical truck held the blaze in check until the hose wagon arrived, and then water was thrown on the fire with two streams.

The dry roof burned fast, and in a short time the entire upstairs was damaged by the fire and water. Nothing was saved from the upstairs rooms, but the household goods on the lower floor were removed. The exact loss could not be determined today but is fully covered with insurance.

DEPORTATION IS HURRIED

Action to Rid Country of Reds Caught in Raids Being Hastened

(By United Press.)

Washington, Jan. 5.—Deportation action against the revolutionists found in raids during the last few days, was today instituted by A. J. Caminetti, commissioner of immigration.

Arrangements for hearings were ordered speeded up so the deportation of the reds back to Russia may be hastened and the way cleared for more raids.

SIGNS OF MODERATION SEEN

Temperature Rises Faster, Having Dropped to 3 Below During Night

There were some signs of relief from the cold wave in the rising temperature today. Although the mercury again went below zero last night, it came up faster today than has been its custom for several days, registering twenty above at 11 o'clock, according to the government thermometer at Maury. Elwood Kirkwood, county weather observer, said the low mark during the night was three below zero and at sunrise this morning the temperature was zero. The highest point reached Sunday was eighteen above.

MORE CANDIDATES COME OUT TODAY

Charles A. Frazee, Treasurer, and Loren Martin, Clerk, Republicans, Make Announcements

HUNT BROKE ICE SATURDAY

Since Sidney L. Hunt broke the ice Saturday, when he announced that he was a candidate for the republican nomination for sheriff at the May primaries, two more candidates have appeared.

Charles A. Frazee, county treasurer, who is now serving his second year of his first term of two years, having been elected in November, 1918, made announcement that he would seek renomination at the primaries as a republican candidate.

Loren Martin, who became clerk of the circuit court Aug. 1, 1919, when George B. Moore, Jr., resigned, also announced that he was a candidate for the republican nomination for the office he now holds.

The primaries will be held on May 4. The date was formerly the first Tuesday after the first Monday in March, but was changed by the last legislature.

BOARD REORGANIZES AT FIRST 1920 MEET

Commissioners Appoint T. M. Green County Attorney to Succeed John A. Titsworth

HAL GREEN IS RE-ELECTED

At the first meeting of the county board of commissioners with Hal Gosnell, of Orange township, newly elected member from the southern district, in attendance, the board was reorganized with P. A. Newhouse of this city as president and John Bowles of Mays as chairman of the finance committee.

T. M. Green was elected county attorney to succeed John A. Titsworth, and Hal Green was re-elected county highway superintendent.

After the reorganization, the board was occupied most of the time with allowing claims, but it was expected that some of the dozen or more road petitions filed since Jan. 1 might be taken up for consideration.

FALLS AND FRACTURES HIP

Miss Clara Martin, 261 Buena Vista Avenue, slipped and fell on the sidewalk while in the downtown district of the city Friday, and fractured her hip. She was removed to her home and is now compelled to remain in bed.

WEEK OF PRAYER BEGINS

The annual observance of the week of prayer will open tonight at the First United Presbyterian church when the Rev. George F. Sheldon of the First Presbyterian church will preach the opening sermon.

MINERS TO HEAR SETTLEMENT TERMS

Vote of Confidence For Miners' Union Administration Expected at Cleveland Session

FIRST MEETING SINCE STRIKE

Conservative Labor Enters Arena Against Radicalism in Convention Opening Today

(By United Press.)

Columbus, O., Jan. 5.—Conservative labor entered the arena against radicalism here today.

More than two thousand coal miners came from all parts of the country to hear details of President Wilson's basis on which their strike was settled—and to pass judgment on the settlement.

Approval means endorsement of the present miners' union administration headed by John L. Lewis, acting president, and William P. Green, secretary-treasurer. Disapproval means repudiation of them and a move in favor of the radical element within the organization.

Lewis and Green fought "to the last ditch" to force adoption of the president's proposal at the conference of union chiefs at Indianapolis while members of "the left" wanted to throw the entire strength of the United Mine Workers of America into the balance to obtain their wage and hour demands.

The meeting today was a reconvened session of the Cleveland convention of the miners' union, which formulated demands for a sixty per cent increase in wages and a thirty hour week. Each of the 2,044 delegates represented a local union.

It was expected that the "show-down" would come today or tomorrow, with a motion for a vote of confidence in their chieftains.

Explaining the purpose of the convention today, Lewis did not touch on the political turmoil within the union. He said merely:

"The only purpose of this convention is to explain to the delegates the reasons which prompted their officers in accepting the president's proposal for settlement of the strike. It is designed to promote more complete understanding among the United Mine Workers of the settlement and to secure great harmony of action among the miners and to insure maximum coal production. By harmony of action I mean a more hearty and spirited acceptance of the president's proposal."

RATIFICATION IS NOT LIKELY BEFORE JAN. 13

Plan to Complete Long Peace Negotiations on January 6 is Virtually Abandoned

(By United Press.)

Paris, Jan. 5.—Singing of the protocol and final exchange of ratification probably will not take place sooner than January 13, it was believed today.

The plan to complete the long peace negotiations on January 6 virtually has been given up, owing to the illness of Kirt Von Lessner, the German emissary, and the fact that Premier Clemenceau is on a vacation.

Interest in Paris has shifted somewhat from the treaty negotiations to the attitude of Clemenceau toward the presidency. Latest advice here said he had consented to become an honorary member of the senate but still will not make his position clear in regard to the presidency.

HOLDS SALE NEAR BEER IS ILLEGAL

Supreme Court Today Upholds Most Vital Section of Volstead Enforcement Act

FOUR OF THE JUDGES DISSENT

Prevents Sale of All Beverages Containing 1 of 1 Percent or More of Alcohol

(By United Press.)

Washington, Jan. 5.—Upholding the constitutionality of the most vital section of the Volstead enforcement act, the supreme court today declared that 2 1/2 percent beer and other near beer cannot be sold under the war time prohibition act.

The action of the government was upheld, it was said. The decision of the court was five to four, Justices Day, Vandeventer, Clark and McReynolds dissenting.

The important feature of the decision is that the court upheld the action of congress and declared intoxicating and preventing the sale of all beverages containing 1 of 1 percent or more of alcohol by volume, with the exception of home-made cider and wine.

The decision of the court was a definition of intoxicating liquors that will stand under the constitutional prohibition act because of the definite statement of congress which presents just what makes a beverage intoxicating.

The case decided was an appeal from the New York federal court brought by Jacob Ruppert for a brewery corporation.

Supported in every way by the contention of the government and congress, the decree of the supreme tribunal apparently means a real bone dry nation.

The decision will dispel all hopes of liquor interests for any tilting of the lid either at present or under constitutional prohibition.

The financial interest involved in the decision today amounts to \$1,000,000,000, it was estimated by liquor attorneys, including the amount of near beer still on hand and the property for its manufacture. One hope of the liquor interests was to converge many of the old times breweries into plant for the making of 2 1/2 per cent products.

McReynolds called the majority support a novel theory and said it portends serious consequences.

COMMITTEEMEN PLAN FOR BIG CONVENTION

Members of National Republican Committee Confer in Chicago With Chairman Mays Today

(By United Press.)

Chicago, Jan. 5.—Members of the Republican National committee were to meet here today in conference with National Chairman Will H. Hays, to map out final arrangements for the republican convention in June. The meeting is expected to last three days.

Practically all members of the national committee were here to attend.

The reason for the meeting, it was indicated, was to iron out all difficulties and to have everything in harmony for the "big show." The central idea of the delegates was that the republican effort to elect a president should start in January rather than after the Chicago convention has made its nominations.

FIRST INSTITUTES HELD

Dr. L. C. Kigin of Purdue Speaks at Arlington and Moscow

The second of a series of township institutes scheduled for this year was held at Moscow Saturday, farmers from all parts of Orange township attending. The principal addresses were made by Dr. L. C. Kigin and a woman speaker of Purdue university. The same speakers appeared at the first institute of the year held at Arlington last Friday. Dr. Kigin discussed swine diseases and the other speaker on the program dealt with home economics.

CITY SAVES I. & C. IN EMERGENCY SUNDAY

Supplies Coal For Power House to Prevent Shutdown Until Some Arrives This Morning

PLENTY OF FUEL NOW

When the Indianapolis & Cincinnati Traction company power house was on the verge of closing yesterday for the want of coal, the city of Rushville prevented a shutdown by supplying fuel until some arrived this morning for the I. & C.

It was stated at the power house this morning that the emergency had passed because a car load was received this morning and two more were promised for this afternoon. Three teams were busy yesterday hauling coal from the city water, light and power plant. The city plant has plenty of coal and is receiving it steadily, so that the I. & C. could be given fuel without endangering the city's supply.

If the power house had been compelled to close, not only the interurban cars would have been stopped, but small towns supplied with electricity by the company would have been without lights. The I. & C. uses about sixty tons a day.

HEAVY LOSS OF LIFE IN MEXICAN QUAKES

Unconfirmed Dispatches Report Two Villages Disappeared in Ground and Third Nearly Razed.

CHURCH TOWERS COLLAPSE

(By United Press.)
Mexico City, Mexico, Jan. 5.—Heavy loss of life in earthquakes late Saturday night and early yesterday morning, were indicated in many advices received here.

Unconfirmed dispatches stated that two villages were completely destroyed while the third was reported badly damaged.

Two of the villages had disappeared in the ground, while the third was nearly razed.

Towers of the churches collapsed and the people who were gathered there in prayer for the sake of quieting the tremors, were thought to be killed.

Refugees who began arriving in the neighboring towns told of terrible experiences in Jalapa, where they said many villages were demolished. The entire section was laid waste and buildings were crumbling in the dust by the force of the earth tremors.

The heaviest damage was reported in Vera Cruz.

SUIT TO CONTEST WILL FILED HERE

J. D. Farlow Alleges Document Disposing of Father's Property Was Procured by Undue Influence

ESTATE IS VALUED AT \$30,000

Two Heirs, Nathan R. Farlow and Philorah Rust, Made Defendants—Divorce Suit Is Heard

A complaint to contest the will of the late Washington Farlow has been filed in the court here, the action being brought by John D. Farlow, a son of the late Mr. Farlow, against the two heirs, Nathan R. Farlow and Mrs. Philorah Rust.

The complaint alleges that the deceased was a person of unsound mind and not capable of making a will, that it was procured by undue influence, and the will was unduly executed.

Mr. Farlow died December 31 and the will was admitted to probate January 2, with Nathan Farlow as executor. The will left the entire estate, said to be equal in value to \$30,000 to his two children, the defendants in this case, leaving nothing to the other son, John D. Farlow, plaintiff, in the case.

The complaint is in two paragraphs, and asks that the will be considered invalid, that the probate action be set aside and vacated, and the appointment of the executor held for naught.

Another complaint was filed by the same person and against the same people, it being a complaint for partition, asking that the estate be divided into three parts, and that a commissioner be appointed to sell the land and divide the property.

The divorce case of Charles C. Jeffreys against Emma Jeffreys was heard Saturday afternoon, and the case was taken under advisement. The principals live in Milroy.

The cross complaint filed in the divorce case of Ralph Waggoner against Ethel Waggoner, was heard Saturday as to support money, and the court allowed her \$7.00 a week as an allowance, during the pendency of the divorce case.

2 HAD NO LICENSES; FINED

Two more Rush county men have found it expensive to hunt without licenses. They are Elmer Gordon and Andy Gwinnup, who were fined by Squire Stech Saturday afternoon when they pleaded guilty to an affidavit filed by C. R. Giepin, a deputy state game warden. Their fines and costs each amounted to \$24.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards' produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth," bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

YOU know what you've always wanted a cigarette to do. Chesterfields do it. They satisfy.

It isn't just that Chesterfields are made of fine tobaccos, though we use the choicest Domestic leaf, together with several varieties of costly, aromatic Turkish—real Turkish that comes from Turkey.

—but that these tobaccos are put together right by an exclusive process that brings out the very cream of tobacco goodness.

No other blend is like it, or can be, because the Chesterfield blend is based on our private formula. It cannot be copied.

And talk about value! We like to have Chesterfields matched against the cigarette that claims better quality because of higher price!

FOR SHERIFF.
We are authorized to announce the

the Republican primary election on

Organized Capital and Labor

Failure awaits the effort of labor
unions to spread the impression that
the anti-strike clause of the Cum-
mings railroad bill is an attack upon
the right of employees, to quit, or
their right in any other respect.
There is no attack upon the rights
of labor in that portion of the bill.
There has been no attack upon the
rights of labor in any act or pos-
sible act of Congress. There has
been no attack upon the rights or
just interests of labor among con-
gressional leaders. But there has
been and will be an effort to
protect the rights of all the people
against unjust demands of radical
labor leaders now in control of the
unions.

Organized labor, like organized
capital, is one of the results of in-
dustrial evolution. Such organiza-
tion, whether of labor or capital,
has been advantageous to the coun-
try in many ways. But the power
that goes with concentration is a
constant temptation to promotion of
selfish interest with disregard of the
rights and interests of the public.
For that reason we have laws de-
signed to prevent imposition upon
the public through the power of la-
bor union mismanagement.

Organized capital has wrought
well for American industry. It has
developed new methods of produc-
tion; it has reduced costs of produc-
tion by increasing quantity of pro-
duction, by standardization, and by
specialization; it has created new
markets for American products,
thus increasing the demand for

BACKACHE? RHEUMATISM? RUN-DOWN?

Those of us who are past middle age are
prone to eat too much meat and in con-
sequence deposit lime-salts in the arteries,
veins and joints. We often suffer from
twinges of rheumatism or lumbago, some-
times from gout, swollen hands or feet.
There is no longer the slightest need of this,
however, as the new Prescription of Dr.
Pierce's called—"Anuric," (anti-uric-acid) is
bound to give immediate results as it is many
times more potent than lithia, in ridding the
inappetent blood of its poisons by way of
the kidneys. It can be obtained at almost
any drug store, by simply asking for Dr.
Pierce's Anuric for kidneys or backache. It
will overcome such conditions as rheuma-
tism, dropsical swellings, cold extremities,
scalding and burning urine and sleeplessness
due to constant arising from bed at night.
If you wish to give "Anuric" a trial send
Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.,
ten cents for a trial package.

blessing that ever was bestowed upon me. If
any one who is suffering would like to ask me any
questions in regard to 'Anuric,' I will gladly
answer, or do anything in my power to help
suffering humanity."

Precedents are largely made up
of ruts.

What we need as a nation is more
work and fewer words.

Hez Heck says: "There are a lot
of mean ways to get rich."

The wonder is how newspapers
can be so big and yet have so little
in them.

Politicians tell people what they
ought to have and then keep them
from getting it.

It's too bad a fellow has to wait
until lime gets into his bones before
he has any sense.

American labor; it made possible
the quick mobilization of industry
for military purposes when the na-
tion was confronted by the emer-
gencies of war.

Organized labor has also wrought
well for American industry. It has
fostered legislation for establish-
ment of better working conditions,
for reduced hours of labor where
hours were excessive, for better
sanitary conditions, for limitation
of child labor in the interest of
health, and for establishment of
more equitable wage scales. Organ-
ized labor has been the medium
through which the interests of the
workmen were presented before leg-
islative bodies and the campaigns
for needed legislation conducted.

But not all the commendable
achievements of combinations of
capital on the one hand or of com-
binations of labor on the other can
be permitted to stand in the way of
protection of the public welfare
against either or both. The large
producing concern which adopts un-
fair methods to destroy its smaller
competitor has been brought under
the regulatory power of law through
the administration of the Federal
Trade Commission. Just as surely
must the labor union be restrained
from preventing the non-union
workman from taking employment
in any legitimate occupation. Just
as the owners of a railroad would
not be permitted to discontinue rail-
road service as a way of getting
service as a means of getting higher
freight or passenger rates, so
labor unions must not be permitted
to discontinue train service as a
means of forcing payment of higher
wages. The same rule, based upon
public interest, must govern in both
cases.

And so on, through the whole list
of evils growing out of power in-
cident to concentration. As the whole
is greater than any of its parts, so
the rights and welfare of the whole
nation must be superior to the self-
ish interests of any class. Industry
must proceed—on the railroads, in
the mines, in the steel mills, and ev-
erywhere else. Obstructionists will
be swept aside and their future will
be determined by their own conduct.
They will not be permitted to set up
an autocracy of either capital or
labor in this great republic.

Paimier says the government won
a victory, the coal miners say they
won a victory, and the public has
nothing yet by which to judge ex-
cept that the attorney general once
declared the strike unlawful and
then bargained with the law-break-
ers. It surely does look as though
the government was whipped.

Clemenceau is to be made presi-
dent of France as a reward for his
work in the war. Lloyd-George,
however, can hardly expect our En-
glish cousins to make him their king
and Mr. Lansing, it appears, is not
giving his eyes to the presidency.

The editor who remarks that "edu-
cation, not force, converts the radi-
cal," should remember that it is
also education that frequently cre-
ates the radical, and that one of our
earliest tasks is to suppress the
teachers of radicalism.

Disturb

In the first act the villain throw
the suffering heroine in front of a
train; in the second he shoved her

MEXICO ALLEGES U. S. MURDERED CITIZENS

Plan is Under Way to Put This
County on the Defensive Side of
a Serious Question

DECLARES TEXAS IS WILD

Washington, Jan. 5.—Mexico is
protesting now to the United States
against the alleged murder of her
citizens in this country, according to
unofficial advices from Mexico to-
day.

While there was no formal com-
ment on the question it was learned
that the official conflict in this new
Mexican policy will be tit for tat,
and will tend to prolong diplomatic
negotiations and if possible put this
country on the defensive.

Mexico's next state will be to
claim that Texas is in a state of
lawlessness but still under the con-
trol of federal government in order
to get revenge for Secretary Lan-
sing's charges that large areas of
Mexico are at the mercy of bandits.

JEFFREY COMPANY INSURES EMPLOYEES

One Year Employees Insured For
\$500, 2 Yrs. \$600, 3 Yrs. \$700,
4 Yrs. \$800

PREMIUMS PAID BY COMPANY

Columbus, Jan. 5.—Each employe
of the Jeffrey Manufacturing Co. of
Columbus, beginning today, will re-
ceive an insurance policy, the pre-
miums on which will be paid by the
company.

Workers who have been with the
company one year will be insured
for \$500. Two years of service will
draw a \$600 policy; three years a
\$700 policy, and four years an
\$800 policy. Employees who have
been with the company five years up
to ten get \$1,000 insurance; ten
years up to fifteen get \$2,000; fif-
teen to twenty years \$3,000 and
twenty to twenty-five years \$4,000
which is the maximum.

NEW TREATMENT THAT KNOWS RHEUMATISM

75c Box Free to Any Sufferer.

Up in Syracuse, N. Y., a treat-
ment for rheumatism has been found
that hundreds of users say is a
wonder, reporting cases that seem
little short of miraculous. Just a few
treatments even in the very worst
cases seem to accomplish wonders
even after other remedies have fail-
ed entirely. It seems to neutralize
the uric acid and lime salt deposits
in the blood, driving all the poison-
ous clogging waste from the system.
Soreness, pain, stiffness, swelling
just seem to melt away and vanish.

The treatment first introduced by
Mr. Delano is so good that its own-
er wants everybody that suffers
from rheumatism or who has a
friend so afflicted, to get a free 75c
package from him to prove just
what it will do in every case before
a penny is spent. Mr. Delano says:
"To prove that the Delano treat-
ment will positively overcome rheu-
matism, no matter how severe, stub-
born or long standing the case, and
even after all other treatments have
failed, I will, if you have never pre-
viously used the treatment, send you
a full size 75c package free if you
will just cut out this notice and send
it with your name and address, with
10c to help pay postage and dis-
tribution expense to me personally."

McGurk fell from the third floor
scaffold and landed on a sandpile,
near the mortar-box, with a soften-
ed thud.

The working force came clamber-
ing down and with white faces
watched the recumbent McGurk who
was apparently lifeless. In ten min-
utes an ambulance arrived and the
white gowned surgeon—a strapping
who used snap judgment—looked at
McGurk and solemnly shook his
head. Clancy, a friend of McGurk,
gasped:

"It ain't dead he is, is it?"

"Yes, he's dead," said the young
interne. At that instant McGurk re-
gained consciousness. As a fact he
was simply stunned—no bones bro-
ken. He looked up at the circle and
said:

"Who says I'm dead? I ain't."

"McGurk," said Clancy solemnly,
"yez always are a bit of a liar.
You're dead. It's the doctor we're
believin'."

Thirteenth Episode Today

The thirteenth episode of "The Midnight Man" entitled, "A Fight to a Finish," in which J. J. Corbett is starred, is the offering at the Mystic today, together with an L-Ko comedy, "A Puppy Love Picnic" and Universal current events.

"The Clouded Name" is announced for tomorrow. It takes the audience out into the great snow-covered forests of the northwest where, among the lives of the lumberjacks and the guests of the timber magnate, a gripping and fascinating drama runs its course.

"The Clouded Name" has wonderful northern scenery, moose hunts, sleighing parties, terrific blizzards, real lumber camp dance halls, and everything that combines to make this venturesome, out-of-door life so picturesque and appealing.

Dorothy Dalton at Princess

In "L'Apache," the Paramount-Artcraft picture produced by Thomas H. Ince, which is coming to the Princess theater tonight, Dorothy Dalton appears in the type of role which first won her fame. It was only a few years ago that Miss Dalton left the stage and determined to become a motion picture star. Her first part was in "The Disciple" with William S. Hart. Mr. Ince studied her work carefully and in "The Flame of the Yukon" cast her in the lead in the kind of character he felt she was peculiarly fitted to play—an impulsive music hall dancer. She made an instant hit and has appeared in a wide variety of pictures since but "L'Apache" resembles most closely the one that established her as a star.

She is not a Western girl in this latest picture but a French dancer in the Apache quarter. Because of her beauty and dancing skill, she is known as "the Carmen of the Apaches." Her partner is her Apache husband, whom she hates with the fury of a down-trodden woman. Then comes the opportunity to escape by masquerading as an American heiress, whom she resembles closely. It is a stirring drama of thrills, adventure and love. Robert Elliott is Miss Dalton's leading man, and the picture was directed by Joseph De Grasse.

EXPENSIVE TRIP FOR JELICOE

Melbourne. (By Mail).—The cost of Lord Jellicoe's tour throughout Australia in the interests of the Australian and New Zealand navies was more than \$400,000 above the cost of maintaining the vessel where on he kept headquarters, according to a statement by First Lord of the Admiralty, Watler Long. Lord Jellicoe had at his disposal H. M. S. New Zealand, one of the commonwealth's most modern battle cruisers.

DON'T SUFFER WITH NEURALGIA

Use Spooling Musteroil

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musteroil on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief. Musteroil is a clean, white ointment, made without oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musteroil for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, corns, rheumatism, rheumatoid, lumbago, pains and aches of the back or limbs, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (often prevents pneumonia). It is always dependable. 30c and 60c jars, bottles and \$2.50.

Buy Your Ford Car Now

To make sure of getting a Ford car, buy one now. Don't wait until spring but buy now while deliveries are possible. Even next month is an uncertainty.

The number of Ford cars allotted to this territory is limited and specified. Even to get our allotment, we must have real, bona-fide orders for cars. Just so many cars allotted to us; just so many will get cars; will you be one of them? Those who order their cars now will be protecting themselves. If you would be forehanded get your name on an order today.

Don't think you cannot use it if you get it now. The four seasons are all alike to the Ford car. It is a necessity every month of the year. Besides, the Ford car is lowest in upkeep cost and easiest in operation. And the new Ford electric starting and lighting system makes driving more convenient. Your order for either open or enclosed cars will have our prompt attention.

MILROY PLAYS BEST GAME OF THE SEASON

High School Basketball Team Defeats Sandusky Saturday Night by Score of 41 to 15

PLAYS LIBERTY NEXT FRIDAY

The best game from the standpoint of Milroy's playing was the one Saturday evening at the Milroy school building when the Sandusky high school basketball team was defeated by the score of 41 to 15. Milroy took the lead early in the game and never was headed, the score at the end of the first half standing 18 to 7. Stewart, forward, and Richey, guard, showed the way for Milroy, each scoring six field goals. R. Marlow, forward, and Turner, center, were the point winners for Sandusky. Milroy plays Liberty at Milroy Friday night.

The line-up and summary follows:
Milroy (41) Sandusky (15):
McKee F. R. Marlow
Stewart F. C. Marlow
Root C. Turner
Richey G. Richard
Harcourt G. Clark
Field goals—McKee 3, Stewart 6, Innis (Milroy substitute forward) 4, Richey 6, R. Marlow 4, Turner 3; foul goals Richey 3, C. Marlow 1.

Lunch served by Ladies of the Orange-McCormick church

Mr. and Mrs. Charles Hendricks entertained several guests yesterday at dinner, at their home in West second street.

The meeting of the O. N. T. club will not be held with Mrs. J. W. Hogsett tomorrow due to the shortage of gas.

The D. A. R. pith-in, which was to have been held with Mrs. H. V. Logan Thursday, has been postponed indefinitely.

The W. R. C. Penny Social will meet with Mrs. Arnold Orme, 620 North Morgan street, tomorrow afternoon at 2:15 o'clock.

Miss Donnan's Study class will meet tomorrow evening at seven o'clock in the Assembly room of the court house. All members are urged to attend.

The Ladies Missionary Society of the First Baptist church will meet Wednesday afternoon at 2 o'clock at the home of Mrs. Fred Arbuckle 319 West Second street.

A dance will be given in Sampson's hall Tuesday evening. Jazz music will be provided and a colored cabaret singer will also help entertain the guests.

Mr. and Mrs. Roy Orme entertained at their home southeast of the city Sunday with a dinner party. The guests were Mr. and Mrs. Horatio Webb, Frank Webb and Beatrice Wilson.

Officers will be installed at the regular meeting of the Pythian Sisters Wednesday night. Business of importance other than the annual installation will be transacted and it is urged that every member be present.

Mr. and Mrs. Loren Meek entertained with a six o'clock turkey dinner yesterday evening, the following guests: Mr. and Mrs. Glen Foster and son Charles, Mr. and Mrs. John Nipp and daughter Elouise and Mr. and Mrs. Paul Boehm.

Mr. and Mrs. Eli Martin of West Tenth street today announced the marriage of their daughter, Miss Florence Martin, to Epton Singleton, son of Mr. and Mrs. D. A. Singleton of Waynesburg, Ky. The wedding took place at the First United Presbyterian church parson-

age Saturday evening at eight o'clock and the ceremony was performed by the Rev. J. T. Aiken. Mr. and Mrs. Singleton will reside in Newcastle until March first when they will move to Mr. Singleton's firm near Waynesburg.

A beautiful New Year's wedding took place at the home of Mr. and Mrs. C. R. Oldham, living north of the city, when their daughter, Miss Ruby Oldham, and Marion Stoten, son of Mr. and Mrs. J. W. Stoten were united in marriage by the Rev. Mr. Anderson, pastor of the M. E. church at Spiceland. Mrs. Grace Reynolds of Richmond, Ind., cousin of the bride, played several wedding airs while the guests assembled. To the strains of the wedding march, the bridal couple entered, preceded by Master Chester Reynolds, carrying the ring in a white calla lily. The bride was gowned in white silk trimmed in lace and pearls. After the ceremony refreshments of ice cream and cake were served to the following guests: Mr. and Mrs. C. R. Oldham and family, Mr. and Mrs. J. W. Stoten and family, Mr. and Mrs. Wallace Stoten, Mr. and Mrs. E. R. Moffitt, Mr. and Mrs. Ernie Beck, Merrill Hendelson and Mrs. Grace Reynolds and son of Richmond, and the Misses Bessie Kolb and Nellie Hiner. The young couple left on a short wedding trip and after their return they will reside in Knightstown.

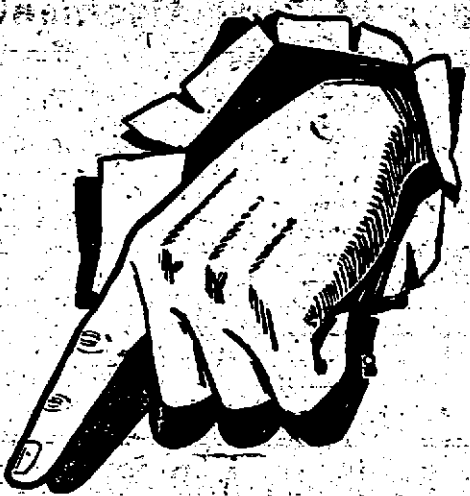

A reception was given Friday evening at the home of Mr. and Mrs. W. A. Mull in honor of Mr. and Mrs. Harry A. Mull. The rooms were beautifully decorated in the color scheme of red and green. Refreshments of ice cream and cake were served. The evening was enjoyed with contests and games and a number of vocal solos were rendered by Miss Booher. The guests included the following: Mr. and Mrs. Ed Lowden, Mr. and Mrs. Geo. Lowden, Mr. and Mrs. Ralph Hester, Mr. and Mrs. John Lower, Mr. and Mrs. John Hill and son, Mr. and Mrs. William English, Mr. and Mrs. Bert Mull and family, Mr. and Mrs. S. R. Martin and family, Mr. and Mrs. Reed Mull, Mr. and Mrs. Alva Hungerford and family, Mr. and Mrs. Tom Miller, Mr. and Mrs. Manford Johnson, Mr. and Mrs. Rush Webb and son, Mr. and Mrs. Ed Miller, Mr. and Mrs. W. E. Jones, Mrs. Maggie Mohr and family, Mr. and Mrs. Grant Miller, Mr. and Mrs. Albert Branam and daughter, Mr. and Mrs. Watson Miller, Mr. and Mrs. Charlie Brown and family, Mr. and Mrs. Clarence Weidner, Mr. and Mrs. Chase Ruddle, Mrs. Esther Goddard and daughters and the Misses Myrtle Ormes, Tinsel Merrill, Mildred Hester, Nellie Myers, Helen Hungerford, Lydie Hurst and Nellie Jones and Henry S. Mauzy, Ollie Merrill, Herman Hurst, Howard Heaton and Wesley Hungerford.

REVIVAL SERVICES PLANNED

Protracted Meetings Will be Held at First Presbyterian Church

Announcement was made at the First Presbyterian church yesterday morning that Mr. and Mrs. A. D. George, evangelistic singers, had been engaged for special services which will begin either the 8th or 15th of February and continue three weeks. Mr. and Mrs. George have been associated with the leading evangelists of the country, by all of whom they are very highly recommended and the church regards it very fortunate to be able to obtain their services. It is expected that the date can be definitely announced in a few days.

President is Preparing Message to H. Cummins to be Read at Jackson Day Banquet

NOT A CANDIDATE IS BELIEF

Washington, Jan. 5.—President Wilson this week is expected to make known his intentions with regard to running for the third term. The president is preparing a message to H. Cummins, chairman of the national democratic committee, which Cummings will read at the Jackson Day banquet here on the evening of January 8. Party officials hold the private opinion that Wilson will not be a third term candidate for president. The honor of uttering the important speech of the democratic banquet will be given to W. J. Bryan and his speech is awaited with eagerness. If the president eliminates himself from the race, W. J. Bryan will be the leading man of the democratic party. W. G. McAdoo, who is a presidential aspirant, will not be at the feast on account of a previous engagement.

position. The convention was to be called to order at ten o'clock in Memorial hall. First was to come an address of Lewis as presiding officer. He planned his address to include a review of the battle through the coal strike, of the federal court injunction against the strike, of the negotiations with the mine operators and the government's mediation of the arrest of the international officers, the executive committeemen, the district presidents and the scale committeemen, and finally of the Washington conference between himself, Green and Attorney General Palmer wherein the president's proposal was first submitted.

NOTICE

FOR IMPROVEMENT OF HIGHWAY IN JACKSON TOWNSHIP, RUSH COUNTY, INDIANA.
Notice is hereby given that a petition has been filed in my office for the grading, draining and paving with gravel or crushed stone, a highway in Jackson Township, Rush County, Indiana, which petition is in words and figures as follows: to-wit: That the Board of Commissioners of Jackson County, Indiana, do hereby order that the highway known as the Robert W. Nixon et al. Free Gravel Road and extending west along the line dividing Section fourteen (14) and fifteen (15) on the north from Section fourteen (14) and fifteen (15) on the south, a distance of one and three-fourths (1 3/4) miles, more or less, to the west line of said Jackson Township, where said road terminates at said gravel road, line at what is known as the Henry W. Becker Free Gravel Road. That said highway begins at a free gravel road and ends at the township line and is less than three miles in length, to-wit: 1 3/4 miles, more or less.

Your petitioners request that said highway be graded, drained and paved with gravel or crushed stone, and that the travel portion of said highway be made fourteen (14) feet in width and that said highway be established as of width of thirty (30) feet. And that said highway be so improved with ditches, culverts, bridges, etc., to make the same a continuous gravel road.

Respectfully submitted,

PRODUCES WONDERFUL MUSIC FROM ORGAN

Gatty Sellars, World-Famed Organist, Will Appear Here Next Tuesday Night For Concert

WILL USE CATHEDRAL CHIMES.

Gatty Sellars, the world-famed English organist of the Queen's Hall, London, England, concerts and the Crystal Palace Musical Festival, is to play at St. Paul's M. E. church

next Tuesday evening at 8:30 o'clock. Cathedral Chimes from the Queen's Hall, London, will be used with the organ. Items include the British Patrol, representing the approach, passing by and the gradual disappearance of a British patrol, and the Storm at Sea. In the patrol the tramp of soldiers, the drums, trumpets and military effects are clearly portrayed. The world's press are unanimous in declaring this organist to be pre-eminent in such descriptive music as the Storm, in which rain, wind, thunder and lightning effects are obtained. One English paper states that Mr. Sellars

in this piece obtains the most remarkable effects ever heard on an organ. He completed a World's Record of 500 recitals, given in direct succession on the largest organs of Canada and the United States, on the former tour. The largest audiences in the history of many of the largest cities visited have assembled. Comment is frequently made on the ease with which Mr. Sellars adapts himself to strange instruments, at time he never sees the organ until commencing his recital. He usually plays entirely from memory, sometimes extemporizing on themes requested by his audience. A crowded church is therefore anticipated.

CHEMISTS WATCH RAINBOW SUGAR

Samples So Far Examined Have Been Found to be Colored by Harmless Dyes

CONTINUE THE EXAMINATIONS.

Washington, Jan. 5.—That all samples of so-called "rainbow" sugar so far examined by the Bureau of Chemistry have been found to be colored by harmless dyes is the

statement of the United States Department of Agriculture, whose pure food experts began testing samples of this product soon after it appeared on the market. Repeated inquiries coming to the bureau from many parts of the country seem to indicate that considerable quantities of this sugar have been supplied to grocers.

The department states that in accord with the provisions of the Food and Drugs act it will continue to examine samples of this tainted product to ascertain whether or not harmful dyes are used in the future. Only colors known to be harmless

have been used in the samples tested and under the Food and Drugs act their use can be continued so long as they do not conceal inferiority. The sugar so far examined is harmless, sound, and not inferior, so that the practice of the refiners does not conflict with the provisions of this law.

REDS PRESS THE ENEMY

London, Jan. 5.—Admiral Kolchak's headquarters were declared in a state of siege, Christmas day, according to a dispatch today. The forces of the all Russian bolshevik government were "hard pressed" by the red armies, the dispatch added.

Franklin Established as America's Greatest Road Car by Succession of Cross Country Runs.

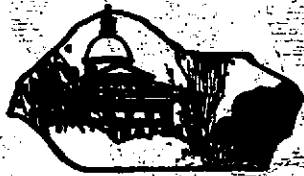

The FRANKLIN CAR

New York to Montreal, 398 Miles, in 9 Hrs. 59 Min.

The quickest scheduled train journey now possible between New York City and Montreal, Canada, is 12 hours. A stock model Franklin Touring Car made the 398 miles in 9 hours 59 minutes running time on November 14th, setting a new touring record and equaling from New York to Albany the non-stop time of the Wolverine Express, 3 hours 20 minutes. Five hours of the trip were through rain, slush, snow, ice, and a gale that at times blew fifty miles an hour.

The return trip (401 miles) was made in 11 hours 28 minutes running time. The total elapsed time for the round trip was 24 hours 10 minutes, including time out for eating, replenishing fuel and oil and for customs inspections. No spare tires or tubes were carried. No tire chains were needed. No mechanical troubles developed.

The same driver, Mr. J. W. Banks, drove all the way. Mr. H. P. Merchant of the B. F. Goodrich Tire Company and Mr. J. R. Getty, of "Motor," were observers; Mr. L. A. Miller, passenger.

New York-Boston Round Trip, 458.8 Miles, in 12 Hrs. 5 Min.

On September 29th Mr. Banks drove a Franklin Touring Car from New York to Boston and back in 12 hours and 5 minutes, establishing what was then a road touring record of 458.8 miles at 38 miles an hour. He drove entirely at night without relief. No spare tires were carried, there were no tire accidents and the fuel average was 18 miles to the gallon of gasoline.

Yosemite

This year's Yosemite Run was won by Stanley & Eugene of Los Angeles in the Franklin Car. The winning time was 24 hours and 10 minutes.

MT. WASHINGTON

On September 29th, 1931, included the climbing of Mt. Washington without a stop as part of a non-stop run of 458.8 miles. Climbing the mountain without a stop is a record.

Every little while a Franklin Car in some section of the country sets a new road record or makes a clean sweep of an economy or reliability event. Recently Franklin drivers have made numerous 24-hour runs and long distance trips which prove that the Franklin Car is unsurpassed at piling up large mileage in a day's driving—over average highways or over all dirt roads. Here are the records—

865.4 miles in 24 hours—R. H. Cramer, Waterloo, Ia.
832.6 miles in 24 hours—W. H. Diddel, Indianapolis, Ind.
808.9 miles in 24 hours—P. A. Fitch, Indianapolis, Ind.
746.1 miles in 24 hours—J. H. Menzies, Indianapolis, Ind.
729.5 miles in 24 hours—J. T. Peach, Duluth, Minn.
725.2 miles in 24 hours—L. V. Smith, Indianapolis, Ind.
693 miles in 24 hours—Mrs. R. C. Reed, Boston, Mass.

406.3 miles in 12 hours in a Brougham—Mrs. O. C. Belt, Columbus, Ohio.
New York to Montreal, 9 hours 59 minutes—J. W. Banks, Newark, N. J.
Round trip between New York and Boston, 12 hours and 5 minutes.
New York to Albany, 3 hours 20 minutes.
Cincinnati to Cleveland and back in 15 hours and 45 minutes.

Making time in a Franklin does not consist of spurts of 60 to 70 miles an hour over every straight stretch of good road, alternating with long stretches of annoying slowness over roads not so favorable.

The secret of the Franklin Car's ability to make faster average time over long distances than any other car is simply that the power of the Franklin Car is not handicapped by heavy weight or rigidity and their attendant dangers, driving strain and discomfort. The light weight and flexibly built Franklin holds the roads at all speeds, hugs the turns, smooths out the rough stretches and is practically never held up by tire accidents.

Boston to Syracuse and Back, Driven by Woman in 24 Hours' Time

A new mark for women drivers was set when Mrs. Ralph G. Reed recently drove 693 miles in 24 hours and 20 minutes elapsed time. The route lay between Boston and Syracuse and return and required twice passing through the congested traffic districts of these cities. Mrs. Reed believes that a heavy storm through which she had to drive for a hundred miles prevented her making even better time.

Indianapolis

Reels Off 832.6 Miles in a Day

W. H. Diddel, of Indianapolis, a non-professional driver, recently established a record for his section of the country for a 24-hour road run by covering 832.6 miles of road in 22 1/2 hours' actual running time. The trip was made in a stock model Franklin Touring Car, without ballast, shock absorbers, or any change from regular equipment. Mr. Diddel was accompanied by two official observers, but drove all the way himself.

Waterloo

865.4 Miles in 24 hours

A new 24-hour dirt road record was set when Ralph H. Cramer, of Waterloo, Ia., recently drove a Franklin stock car 865.4 miles in the actual driving time of 23 hours and 4 minutes. He drove the entire distance himself over ordinary dirt roads without a second's relief, beating the former record of J. T. Peach, of Duluth, who covered 729.5 miles in a Franklin.

DETAILS OF THE RECORD

Total Running Time	23 hours 4 min.
Total Time for Fuel, Chains, Top up, etc.	56 minutes
Total Time Consumed	24 hours 0 min.
Total Mileage on Dry Roads	757 miles
Total Mileage on Mud Roads	108.4 miles
Total Miles Run	865.4 miles
Miles Per Hour Average Dry Roads	38.9 miles
Miles Per Hour Average Mud Roads	25.7 miles
Grand Total Average Per Hour	37.5 miles

The engine was stopped but once. No mechanical adjustments were made. No tire trouble. Driver: Ralph H. Cramer; Observers: W. A. Riddler, D. J. O'Neil, Waterloo Times Tribune; M. V. Briggs, E. S. McComb.

Cincinnati to Cleveland and Back, Twice Across Ohio, in 15 Hrs. 45 min.

A motoring sensation was created in the state of Ohio when Cliff Levdens, without stopping the engine of his Franklin Touring Car, reduced the touring time from Cincinnati to Cleveland and back. He covered the 353 miles in 15 hours and 45 minutes of actual running. The odds were 4 to 1 that the previously announced time of 17 hours could not be made.

Covering this route at any speed is thought by Ohio motorists to be a severe test of any motor vehicle, so bad are the roads. Yet the Franklin averaged over 35 miles an hour. Rain which froze on the riders and turned into a blinding snowstorm added to the difficulties.

Observers: Mr. Robert Beyer, Automobile Editor, Cincinnati Enquirer; Mr. Richard Powell.

No mechanical adjustments of any nature were necessary during the trip. And the mileage of the last twelve hours was as big as that of the first twelve hours, indicating that the driver felt little or none of the fatigue ordinarily to be expected. The other Indianapolis motorists, likewise driving Franklin, also exceeded the former distance record. That too had been established by a Franklin Car.
